A BRAVE VERDICT.—Among all the heroic

affords a brighter example of true moral
bravery than the following verdict, rendered
when the city was in the possession of an
army, smarting under, and made savage by,
the shooting of one of its pet and most beloved,
officers—Col. Ellsworth.

ALEXANDRIA COUNTY, TO WIT:—
An inquisition taken at the Marshall House, in
the county of Alexandria, on the 24th day of
May, 1861, before James A. English, Justice of
the Peace, and acting Coroner of said county,
upon the view of the body of James W. Jack-
son, there lying dead. The jurors, sworn to en-
quire where, how, and by what means the said
James W. Jackson came to his death, upon their
oaths do say, that he was killed by an armed
force of Federal troops, while in defence of his
house and his private rights.

In testimony whereof, the said Coroner and
jurors hereunto set their hands this 24th day of

LONG BRIDGE.—The Washington Star says:
"On Saturday last the work of clearing away
the Long Bridge rubbish across the Washing-
ton channel of the Potomac was commenced,
preparatory to laying the foundation for the
new structure. The piers on the south channel
are nearly completed, and some thirty bridge
builders from Philadelphia are at work on the
superstructure. Some 600,000 feet of the
best Susquehanna bridge timber has arrived,
and a large portion of it has been landed on
the causeway, where the workmen are engaged
in framing it. The pile drivers are already at
work on the first abutment on this side of the
river, and it is confidently asserted by engineer
Partridge that this bridge will be ready for travel
by the 1st of December."

SOURCE OF DISEASE.—Those horrid noises
these long piers, allowed to be kept on the
suburbs of the city, poisoning the air for squares
and squares around, have lately been denominated
by their inmates, by hog cholera—and numbers
of the dead animals are thrown into the low
grounds adjacent! This would in itself be a
source of disease. The slop used in feeding
these hogs is kept for days at a time, and
carried by the owners of the hogs in open buckets,
to the food pens, throwing the filth over the
payments as they pass, and causing the in-
habitants along the streets, to close windows
and doors to exclude as much as possible the
dreadful stench.

M. Mrs. T. H. Hull, W. R. H. S. Mrs. H. D.
Smith, W. L. H. S.

COLUMBIA FIRE ENGINE.—The steam fire
engine Columbia, attached to her splendid and
well-grounded pair of black horses, was taken
early this morning to the plug at the corner of
King and Fayette, street and a trial made of
her throwing capacity. She threw a single
stream 195 feet from a one inch nozzle, and
two streams 150 feet from nozzles one inch
and seven-eighths of an inch in diameter. Both
the engine and her horses worked to the entire
satisfaction of the members. Mr. Charles Cox
entertained the company handsomely after the
trial.

A CLIPPER.—Captain King, of the schoen-
er William Henry, made the trip from Alexan-
dria to Georgetown on Saturday, in fifty-three
minutes, leaving the wharf at the foot of Cam-
eron street, in Alexandria, at four o'clock,
and arriving at Messrs. Hartley & Bro.'s wharf at
seven minutes to five o'clock. About a year
ago Captain King made the trip in the unprece-
dented time of forty-two and a half minutes.
Captain King has a clipper under his command,
and is very proud of her sailing qualities.

mence to-morrow.

A camp meeting will commence on Thurs-
day one mile from Tolson's camp ground, Prince
George's county, Maryland, about five miles

the river.

PROSECUTION WITHDRAWN.—The case of a
colored man against Samuel Kitson and son
for an assault, was before Justice R. R. Powle,
at Pulman's yesterday, but dismissed, as the
prosecution was withdrawn this morning. Messrs
Kitson had lost some cattle and finding them in
a road with the colored man walking behind
them they supposed he had stole them and was
driving them off, and acting upon that suppo-
sition they committed the assault.

ALEXANDRIA & FREDERICKSBURG RAIL-
ROAD.—As an official copy of the writ of in-
junction, granted yesterday by Judge Cooke, in
charge of the Washington and Alexandria
turnpike, work upon that road has not yet been
suspended. The bond given by the applicants
for the injunction was for \$500. The rails now
extend from the Stone Bridge to Robert's lane.

A CLOSE SHAVE.—While the stage from
Falls Church was crossing the track of the
Washington and Ohio railroad yesterday morn-
ing—near the Feby place—a train approach-
ed rapidly and shot by, just grazing the rear
of the stage coach, which contained fifteen pas-
sengers, who were much frightened at the rather
"close shave."

LARGE WATERMELONS.—The firm of Johu
son & Co., opposite the Auditor's office, have
one of the largest and finest watermelons ever
brought to this market. They sent one to the
Gazette office this morning that weighed 45
pounds and was as delicious as a watermelon
could be.

DISTURBANCE AT CAMP MEETING.—On Sun-
day night last a disturbance occurred at the
Waterford camp meeting, during which a resi-
dent of Leesburg named Devine, who was act-
ing as police officer, was stabbed and severely
injured by a drunken man whose attempts to
ride a horse into the circle he frustrated.

residents of the neighborhood of the noise and
annoyance occasioned by the colored boys, who

TELEGRAPH NEWS.
(DISPATCHES TO THE GAZETTE.)

FOREIGN NEWS.
LONDON, Aug. 14.—The ten-forties and U. S.
bonds of 1881 have risen considerably at
Frankfort in consequence of the success of the
new Treasury arrangement. The amount al-
located to Frankfort is limited pending negotia-
tion, which, when completed, the negotiations will
enable Mr. Richardson, the Assistant Secretary
of the Treasury, to place the whole amount in
Germany.

LONDON, Aug. 15.—The Scott centenary
was celebrated to-day by a banquet in the great
hall of the Common street hotel. Hepworth
Dixon occupied the chair as President with the
Duke of Manchester, Lord Lytton and Dr.
Ramsay as Vice Presidents. Some four hun-
dred persons, all or nearly all of whom are dis-
tinguished in the world of letters, were pre-
sent. The toasts were much the same as at the
Edinburgh celebration. The day was celebra-
ted at Crystal Palace, Sydenham and in vari-
ous towns in Scotland.

LONDON, Aug. 15.—A case of Asiatic cholera
has appeared in London and creates an extra-
ordinary sensation among the people.
A dispatch from Berlin says the cholera is
increasing in Königsberg, but no cases have
yet appeared in Dantzig.

LONDON, Aug. 15.—Contributions for the
repair and completion of St. Paul's Cathedral
are entirely satisfactory to the projectors of the
enterprise.

THE SCHOOL OF St. Clement Dames will prob-
ably be removed from the Holborn estate.
Heavy thunder storms have been experi-
enced in the west of England and caused much
damage to the crops.

THE LATE MINE DISASTER.
PITTSBURGH, Aug. 14.—The following are the
names of the persons who perished in the mine:
Evan Jones, Benjamin Davis Leghson, Richard
Owen, James Morgan and son, David Harris
and son, David Owen, James Jones, Robert
Hughes, Benjamin Williams, John Morgan,
Edward Owen, Thomas Reese, Martin Mangar,
John Reese. Some time must elapse be-
fore the bodies can be reached, owing to the
bad air, and the vast amount of debris to be
removed. At 9 p. m. only the bodies of Ben-
jamin Davis, Evan Jones, Thomas Leghson,
James Morgan and David Harris, have been
brought out, dead. The majority of the volun-
teers have come up much exhausted by the bad
air. This mine has always been endangered by
gas to a greater extent than any other in this
region, and for a long time the gas at the place
has been well in and burned in pipes like ordi-
nary illuminating gas. Tompkins, the operator,
has always endeavored to comply with all the
provisions of the mine ventilating law, and the
calamity cannot be attributed to any neglect on
his part. Patrick Blawie, the mine inspector
for this district, was telegraphed to by Mr.
Tompkins, soon after the explosion. He has
been at the scene all day superintending opera-
tions.

Fraud.
INDIANAPOLIS, Aug. 15.—Details of what
are ascertained to be a tremendous land robbery
have just come to light. At the last session of
the Legislature an act was passed providing
for the drainage of the wet lands along the
Kankakee river, and authorizing that a com-
pany be formed with authority to assess the
lands for the cost of drainage. The company
was formed composed of Wall street New York
capitalists, who matured plans for forcing the
present owners of the land into the payment
of the assessments, amounting in many cases
to more than the value of the lands and in the
aggregate to over \$4,000,000. Six hundred
thousand acres of land in Lake Newton, Jas-
per, Tipton, Starke, Porter and St. Joseph
counties are affected by the scheme. Land
excitement exist in these counties. Land
owners have but a few days to make legal re-
sistance and will make immediate application
to the United States Court for an injunction
to restrain proceedings under this scheme.

The grand jury to-day returned an indict-
ment against R. J. Bright, State printer, and
bail was given in \$2,500. Application was
made by the defence for an immediate trial
and the court will hear the case to-morrow.

Defalcation Case.
HARRISBURG, Aug. 15.—In reference to the
alleged defalcation of \$300,000, a special dis-
patch to the Inquirer says: "A dispatch hav-
ing appeared in a Philadelphia evening paper
to the effect that George O. Evans, Pennsylva-
nia's war claim agent had defalcated, your
correspondent asked the Governor for informa-
tion. He replied that Mr. Evans had been
here three times to settle his accounts, the last
time on Saturday, when the Auditor General
was not here to receive him. Mr. Evans is
now ready to settle to-morrow, and in view of
the fact that his accounts are not yet ex-
amined, the charges against him are grossly
unjust. State officials cannot possibly give any
information in advance of the examination."

The State Treasurer and Auditor General
are both absent, but may possibly be here to-
morrow.

Difficulty.
LOUISVILLE, Aug. 11.—In this city last night
at the corner of Hancock and Madison streets,
a negro attacked a white boy, aged 12, named
Forrester, fracturing his skull and breaking his
jaw bone. A number of young men pursued
the negro to a Church on Jackson street and
attacked the building with rocks. A general
fight ensued between negroes and whites, but
it was not serious. On the arrival of the police
the parties dispersed in every direction and no
arrests were made.

half of the city and indefinitely postponed.

at San Quentin, who had a balance of two
years to serve on a term of eight years, suc-
ceeded on Saturday in jumping into a vat of boil-
ing water.

been accepted from the contractors. From Du-
luth westward to Crow Wing on the Missis-
sippi River, a distance of 125 miles; a magnificent
